Election Integrity Project California Launches New IRC 501(c)(4) Affiliate: Election Integrity Project Action, Inc.

BREAKING NEWS & PRAYER REQUEST!!! The case outlined below will be heard this Friday, May 14th. Please be in prayer for an honest decision! If the judge rules in EIPs favor, EIP moves into Discovery - initiating the audit of the Dominion machines, the paper ballots, and the paper vote-by-mail envelopes, here in Calif. If the judge rules in favor of the defendent, EIP-CA will appeal. THIS IS HUGE!!!

EIPCa has **researched CA county and state voter rolls** and documented massive numbers of ineligible voters. EIPCa's latest voter registration data analysis has identified persons who appear to be registered in both California and another state (such as Nevada and Washington State), and in some instances apparently voted in both states last November.

In January 2021, along with 13 co-plaintiffs who are Congressional candidates, EIPCa launched **groundbreaking Federal litigation** to challenge California's election laws root-and-branch. Defendants include state officials and 13 County Registrars of Voters (both Democrats and Republicans.) A key goal is an audit of the 2020 election to document issues with mail ballots, voter rolls and voting machines, in order to precipitate an overhaul of election procedure.
