Judeo-Christian Caucus Commentary IS IT SOUP YET?

An old Lipton Soup commercial showed a young boy impatiently inquiring of Mom if the package of Lipton powder she emptied into a pot of water had magically transformed: "Is it soup yet?"

soup: Bills that survived one house are now in the other house for final passage before heading to the governor's desk. Let's see what we are looking at now with just two of them:

SB 380: Assisted Suicide. It would become much more available.

SB 245: FREE abortions. At taxpayer expense, of course.

These days, any insanity on the minds of legislators now stands a chance of becoming law. Anything. There is no fear: Like a package of soup, they throw it together, stir it, cook it, and we eat it.

And, how about laws already giving us indigestion? [Keep Reading...](#)

A CITIZEN'S GUIDE TO PARTICIPATION

RESOLUTION OF DIFFERENCES:

When agreement is not reached after the second house makes amendments, here is what happens. *(Page 10 in the Guide)*

Resolution of Differences If a bill is amended in the second house, it must go back to the house of origin for concurrence, which is agreement on the amendments. If agreement cannot be reached, the bill moves to a two house conference committee to resolve differences. Three members of the committee are from the Assembly and three are from the Senate. If a compromise is reached, the conference report is voted upon in both houses.

**Governor**

If the bill is passed, it goes to the Governor. The Governor has three choices. He or she can sign the bill into law, allow it to become law without his or her signature, or veto it. A governor's veto can be overridden by a two-thirds vote in both houses. Most bills go into effect on January 1 of the next year. Urgency measures take effect immediately upon being signed by the Governor and chaptered by the Secretary of State.
